

Biography

Department of the Army

Jeffrey Lee Langhout

Director,
Aviation Engineering Directorate
U.S. Army Aviation and Missile Research,
Development, and Engineering Center
Redstone Arsenal, Alabama

Mr. Langhout was selected for Senior Executive Service in April, 2013. He serves as the Director, Aviation Engineering Directorate (AED), U.S. Army Aviation and Missile Research, Development, and Engineering Center (AMRDEC), Redstone Arsenal, Ala. AED delivers responsive airworthiness solutions throughout the system life cycle. As the airworthiness authority for delegated U.S. Army aircraft, AED serves the Army customer base, including the Aviation and Missile Life Cycle Command, the Program Executive Office for Aviation, and the Army Special Operations Aviation community. AED serves as the Army airworthiness interface with the FAA and other services, and is the Army's principal advisor on the National Airworthiness Council. AED prepares, supports, and maintains airworthiness and aeronautical design standards.
